OKAPA Strategic Plan Background and Process

The Oklahoma Chapter of the American Planning Association (OKAPA) began its strategic planning process in the summer of 2011 with a grant from the American Planning Association (APA) Chapter Presidents Council. This is the first time that the chapter has entered into a strategic plan process. Prompted by APA's criteria for its Chapters that include a Chapter's long term planning goals, operating policies, and annual work plans, the OKAPA Board and membership agreed to undertake this strategic planning project. Without a strategic plan to work from OKAPA has not been meeting APA's criteria.

The OKAPA Strategic Plan as proposed in this document includes a list of policy and bylaw changes needed to support its execution. The Board's adoption of this plan includes authorization to proceed with the policy and bylaw changes outlined in the final section of this document.

The members of the OKAPA Board and its committees used the following steps to create the strategic plan:

I. ASSESSMENT SURVEY TOOL AND ANALYSIS

- October 2011: Completed an electronic anonymous Membership Survey with consultant and presented at Annual Conference.
 - Over 60% of respondents have been in the field over 11 years; over 40% have been in the field over 20 years. A significant majority of planners are in a combination of senior management, regulatory / current and long-range planning in a municipal government.
 - Members would like their employer to have a higher esteem for the value of planning and that they believe OKAPA is not well known or respected outside its membership.
 - Members would like OKAPA to do more professional training events and seminars, more communication / newsletters about what colleagues are doing in OK and want the planning profession in OK to be bolder and advocate more assertively for better planning.
- November 2011: Completed the electronic anonymous Board of Officers and Directors Survey. This survey's open responses aligned with the sentiments of the general membership. Especially important is that the board confirmed the members' preference that OKAPA focus on education, information, and empowerment for planning and planners.

II. STRATEGIC PLAN WORKSHOP DAY

- November 2011: The board and a few key committee members conducted a vision-casting retreat with a consultant and formed planning committees for four Key Focus Areas, each with a chair and at least one member.
 - Board Governance

- Education
- Partnerships and Relationships
- Membership

These four Ad hoc committees were formed as subcommittees under the Strategic Planning Committee. These four planning committees have fulfilled their duties and assignments.

III. ACTION PLANNING SESSIONS WITH BOARD AND COMMITTEES

- August 2012: Conducted an Action Planning workshop with a consultant to align goals across the Chapter’s current committees and committees recommended through the strategic planning process. Some of this work proposed combining committees with significant overlap. The workshop included board members as well as ex-officio committee members.

IV. BOARD ADOPTION OF POLICIES AND LONG RANGE AND STRATEGIC WORK PLANS

- November 2012

V. POLICY AND PLAN DOCUMENTATION FOR MEMBERS OF OKAPA, APA, CPC AND LOCAL ADVISORS AND STAKEHOLDERS

- December 2012

OKAPA Strategic Plan and Committees 2012-2016

OKAPA's Mission

To facilitate individual participation in the affairs of the Chapter of PAP and further the purpose of APA in the Chapter area. OKAPA is a 501c3 organized exclusively for charitable and educational purposes.

OKAPA's 4 Key Focus Areas and Goals

Based on the results from membership surveys, board discussions, and research into the best practices for APA Chapters, the OKAPA Board of Directors identified four Key Focus Areas to guide the organization's work in 2012-2016.

1. Board Governance

The goal of Board Governance is to make the OKAPA Board a higher functioning entity that is more effective and efficient in carrying out the leadership and organization of the Oklahoma Chapter of APA.

2. Membership

The goal of Membership is to create and deliver a valuable membership experience to OKAPA members.

3. Planning Education

The goal of Education is to provide career-enhancing professional development programs for members and planners and community-enhancing education programs for the public, communities and public officials.

4. Partnerships & Relationships

The goal of Partnerships & Relationships is to position OKAPA as a respected and visible participant in the education and advocacy for better planning and community building in Oklahoma.

OKAPA Committees and Work Plans

In order to accomplish the Key Focus Area goals, the OKAPA Board developed a committee structure with committee-based annual work plans. The Key Focus Areas are not exclusive, stand-alone areas of work and achieving success will require collaboration across committees. The following committees and work plans were derived from the August 2012 OKAPA Action Planning Workshop.

Board Governance Committee

This is a Key Focus Area and a new Standing Committee in the Bylaws (proposed 2012). Board Governance is responsible for OKAPA’s governance and board development. The Board Governance Committee consists of two members of the OKAPA Executive Committee and a minimum of two other members from the OKAPA membership. The annual officer nomination functions will be appointed under Board Governance and the Teller and Nominating Committees will be removed from the Bylaws (proposed 2012).
